<b>Teaching methodologies (including assessment)</b> [Specify the types of assessment and the weights and evaluation criteria]	<p><b>1 - Teaching methodologies</b></p> <p>The methodology is dynamic / interactive / cooperative and based on action research. The student participates in the day care center (8 hours / week 15) and develops educational intervention based on orientation, supervision, data collection / analysis / reflection / planning: projects and situations of professional experimentation and educational situations of daily life. Planning and reflection take place in S and OT</p> <p><b>2 - Period assessment</b></p> <p>Evaluation is dynamic, presupposes a spirit of cooperation and personal development and transformation. It is systematic / continuous and includes: observation plan, planning and intervention reports. Criteria for evaluating performance in the day care center are monitored by the interveners (cooperating supervisors / daycare coordinator) and through an instrument that includes the dimensions established in the professional profiles (DL 240, 241/2007) and in the adult engagement scale of F.</p>
