Teaching methodologies (including assessment)	1 - Teaching methodologies																																

Curricular Unit Form (Document waiting approval from Course Commission)

<p>[Specify the types of assessment and the weights and evaluation criteria]</p>	<p>The proposed methodology points to an active and critical learning that leads to the progressive autonomy of students in the construction of knowledge. The critical analysis and the problematization of questions related to Portuguese culture will be based on selected texts that explain the content aspects, as well as the direct contact with the studied cultural reality, promoted both with study visits and with the participation in events of diverse nature. It is also intended to encourage the production of research works arising from the issues and problems that these texts reflect.</p> <p>2 - Period assessment</p> <p>Evaluation products and their weighting in the final classification: 1 written assessment test 60%; Written works (individual and / or group) 40%. Failure to carry out one of the evaluation products mentioned above makes it impossible to obtain a final classification by frequency.</p> <p>3 - Examination assessment</p>
